

{ WE HAVE WHAT
YOU NEED... }

PEACE

We hardly get any time for ourselves with all the running around we do today. That's one thing church affords us—solid time to reflect, to catch up with ourselves, to feel refreshment and peace.

COMMUNITY

Where, in today's world, do we meet people just to meet them, just to be with them? Most of the time, we are just part of a crowd. Your Church is more than that. Your Church is about being a member of a community, connecting with others, connecting with the family of faith. It's about belonging.

SUPPORT

So many possible directions—so much conflicting advice. Where do we find support? Maybe it comes from connecting with God and being involved with people

Church is not a building, it's a family.

who put God at the center of their lives. We can find support in placing our trust in God and surrounding ourselves with a community of believers.

WISDOM

With a Scriptural tradition of 3,500 years, and a church life of 2,000 years, the Catholic Church offers us a different perspective on life—a wisdom deep enough to touch us, and powerful enough to change us.

God offers us true freedom,
true life—unending life.

ETERNAL LIFE

We know there's something more to life...but often we cannot quite put our finger on it. God is inviting us to something richer and deeper than what we spend most of our time sweating over.

REAL FOOD

We spend a lot of time and money cramming down junk food that leaves us hungry and empty. We need real food—

the food that God gives us in Jesus, the Mass, Holy Communion, union with divine and eternal love. It's the only thing that can satisfy our craving for meaning.
